

## KVD-30-TT-PS2-Ger Stainless Steel Table Version

Vandalproof Stainless Steel Keyboard especially for fast data input. With 30 input keys.

---

### Description

#### Applications:

This keyboard has a wide range of uses in many fields due to its robust construction that is virtually indestructible. Such areas are points of information or ticketing machines.

#### Characteristics:

- The non removable and non inflammable key caps are made of high-grade steel. The front plate of 2.5 mm high-grade steel makes this keyboard particularly durable.
- This keyboard has 30 high-grade steel keys with a stroke of 3.5 mm. Therefore it is the first high-grade steel keyboard, that permits high-speed writing.

The keyboard can be programmed and lasered to correspond to your needs. Just let us know what you need.
